RESOLUTION: THAT THE CITY OF SALEM REQUEST THAT THE MASSACHUSETTS BAY TRANSPORTATION AUTHORITY INCLUDE FUNDING FOR THE ELECTRIFICATION OF THE NEWBURYPORT-ROCKPORT COMMUTER RAIL LINE IN ITS FISCAL YEAR 2023 – 2027 CAPITAL INVESTMENT PLAN (CIP).

Whereas: There is enormous potential along the Newburyport-Rockport MBTA Commuter Rail line to create greater connectivity between access to housing and better paying jobs for residents in the 15 communities where stations are located and the surrounding municipalities; and

Whereas: In November 2019 the MBTA Fiscal Management and Control Board unanimously adopted resolutions to commit the MBTA to an electric Commuter Rail system at the same fare level and frequency as rapid transit which included prioritizing the Environmental Justice Corridor of the Newburyport-Rockport line; and

Whereas: Electric trains are up to 25 times more reliable than our current diesel fleet, which translates to dependable, reliable service and lower maintenance costs; and

Whereas: Electrification of the Newburyport-Rockport line would allow the state of Massachusetts to meet emissions reduction goals as outlined in the Next Generation Roadmap legislation signed into law in March 2021; and

Whereas: The City of Salem has long missed out on rapid transit and is in dire need of affordable, reliable public transportation; and

Whereas: The way to solve the Commuter Rail's existential crisis is to embrace the vision of a 21st century regional rail system that will make it more relevant for residents and riders to utilize while making their trips.

The following communication from the Planning Board regarding their recommendation for the Zoning Ordinance Amendment relative to the Entrance Corridor Overlay District

Report of the Planning Board to City Council Re: Entrance Corridor Overlay District

April 22, 2022

At its meeting on April 14, 2022, the Planning Board discussed a proposed amendment to the Zoning Ordinance to amend Section 8.2 to allow for limited substitution of smaller ornamental trees for larger tree species within the Entrance Corridor Overlay District, subject to Planning Board approval via the creation of a design waiver, as well as other dimensional changes to support healthy planting. This item which was referred from the April 13, 2022, joint public hearing with the City Council.

The Planning Board voted eight (8) in favor (Bill Griset, Tom Furey, Helen Sides, Sarah Tarbet, Todd Waller, Carole Hamilton, Kirt Rieder, Zach Caunter) and zero (0) opposed to recommend that the City Council adopt the proposed amendment to the Zoning Ordinance with the following comment:

- Proposed addition: “Trees are a crucial component of the entry corridor, available in a broad range of species and sizes. Shade trees are preferred for their medium to large canopy width and height for a full range of community benefits identified in the tree ordinance, including cooling and stormwater uptake.”

The following communication from the Planning Board regarding their recommendation for the Zoning Ordinance Amendment relative to the Bridge Street Neck Overlay District

Report of the Planning Board to City Council Re: Bridge Street Neck Overlay District

April 15, 2022

At its meeting on April 14, 2022, the Planning Board discussed a proposed amendment to the Zoning Ordinance to amend Section 8, *Special District Regulations*, to add Section 8.7, establishing the Bridge Street Neck Overlay District, which was referred from the April 13, 2022, joint public hearing with the City Council.

COMMUNICATIONS FROM CITY OFFICIALS

The Planning Board voted seven (7) in favor (Bill Griset, Helen Sides, Sarah Tarbet, Todd Waller, Carole Hamilton, Kirt Rieder, Zach Caunter) and one (1) opposed (Tom Furey) to recommend that the City Council adopt the proposed amendment to the Zoning Ordinance, with the following comments:

- Strike administrative review;
- Transition Building Design Standards to guidelines;
 - o If retained as "Standards" any change would require an amendment. This change is meant to create flexibility and the opportunity for updates.
- Planned Unit Development (PUD): The Planning Board does not recommend prohibiting PUDs in the overlay district because it is unnecessarily restrictive to the few parcels that might benefit.
- Density: The Planning Board recommends a lot area per dwelling unit below 1700 square feet to encourage walkability and affordability.
- Design Review Board: The Planning Board feels that the DRB issuing a design recommendation is sufficient.
- Substitute hedging for shrubbery.
- Differentiate between common, open, and vehicular spaces.
